

It gives us immense **pride and pleasure** to share a moment of great achievement for our school!

Eight teams from **V & C Patel English School** participated in *India's biggest robotics competition* — **ROBOFEST 5.0**, organised by the **Gujarat Council of Science and Technology (GUJCOST)** — for the very first time.

We are delighted to announce that **all eight teams have successfully cleared the first round!** Each team will now receive **₹25,000** to put their innovative ideas into action for the **second round** of the competition.

It is also worth mentioning that last year, our **senior and junior teams** made us proud by winning the **regional round of the CBSE Science Exhibition** and representing our school **at the national level in Delhi** with their outstanding exhibits.

We are thankful to the faculty of B.V.M. Engineering College, Prof. Ashish Thakkar and Prof. Jayesh Koisa for taking a keen interest in guiding and motivating students at all stages.

We are happy to share the names of the participants and mentors who continued the momentum by showing scientific temperament and an innovative mindset.
